

Learning
new stuff

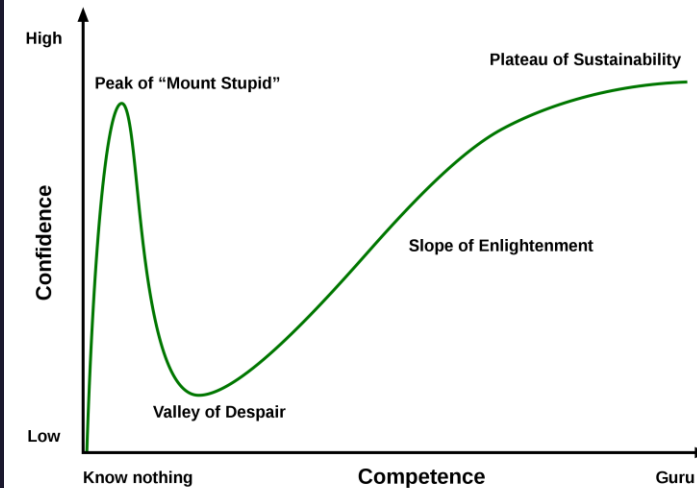

Research analysis

A lot of different ways of working
towards enlightenment

How do you establish new
knowledge?

Dunning-Kruger Effect

Learning theories

- Behaviorism
- Cognitivism
- Constructivism
- Connectivism

TDD

Using test driven development is a great learning tool.

Connectivism fits

TDD

Tests

Mob programming

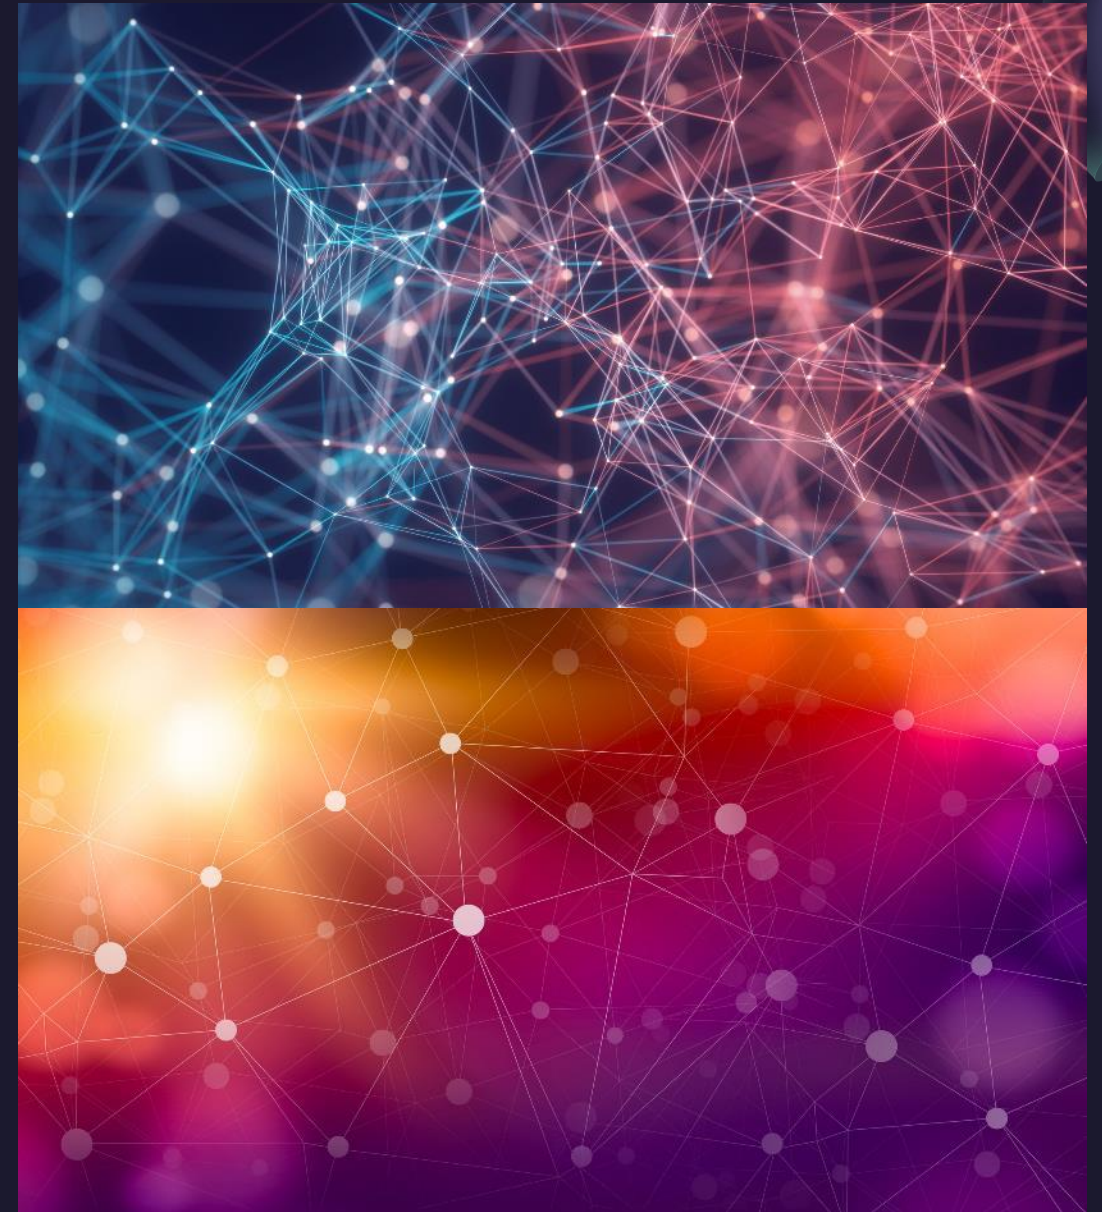

Refactoring

Mastering new subjects

A lot of different ways to learn

Time an important factor

Learning in groups vs learning alone
