

# MY EXPERIENCE WITH MOB PROGRAMMING

Eirik Haaland Bjelland

# Initial expectations

- Slow progress(at first)
- A little scary
- Easier to pay attention
- Will make the course more engaging
- Will probably learn more than by just listening

# Advertised effects

- Better/Easier communication
- Less technical debt
- Reduced impact of «thrashing»
- Code reviews can be hard

# Experience with Alcor Academy

- Learned more than expected
- Time consuming
- Not so scary
- Easy to pay attention
- Sparked an interest

# Thank you!
